Profile

Undergraduate student in Information and Communication Technology (ICT) with strong interests in software development, competitive programming, and problem-solving. Skilled in C++, Go, HTML, CSS, and Flutter, with hands-on experience in building web applications, portfolio websites, and IoT-based systems using ESP32. Passionate about backend development, algorithmic thinking, and scalable software solutions. Actively improving expertise in data structures, system design, and modern web technologies, with a long-term goal of contributing to innovative software engineering and intelligent technology solutions.

Project Interests

Cross-Platform Application Development (Flutter), Artificial Intelligence Applications, Internet of Things (IoT), Data Visualization, and Software Engineering.

Education

- **B.Sc (Engg.) in Information and Communication Technology** **August 2023 - Present**
Mawlana Bhashani Science and Technology University, Tangail, Bangladesh
CGPA: 3.47 out of 4.00 (Up to 2nd Year 2nd Semester)
- **Higher Secondary Certificate (HSC)** **Passing Year 2022**
Notre Dame College, Dhaka, Bangladesh
GPA: 5.00 out of 5.00
- **Secondary School Certificate (SSC)** **Passing Year 2020**
Bindu Basini Government Boys' High School, Tangail, Bangladesh
GPA: 5.00 out of 5.00

Significant Roles

- **Campus Ambassador, Robo Tech Vally** Jun 2022 – Dec 2023
Served as Treasurer and Ambassador to manage event budgets, allocate resources effectively, and organize tech workshops or competitions that drove student engagement in robotics and AI.

Projects

- **Encrypta - File Encryption Software** [Github Link](#)
Developed a Python-based desktop application for secure file encryption and decryption using PyQt6 and cryptographic algorithms, featuring password-protected access, file management utilities, and a user-friendly interface.
- **Musiclay - Music Player Overlay** [Github Link](#)
Developed a lightweight desktop overlay music player built with HTML, CSS, JavaScript and Electron. It appears on top of all windows when hotkey is pressed and hides automatically when clicked outside. It provides quick access to music collection without cluttering workspace..
- **Portfolio Website** [Github Link](#)
Built a fully responsive portfolio website using HTML, CSS, and Bootstrap to showcase projects and research work.

Technical Skills

Languages	C/C++, Java, Python, JavaScript
Technologies	Flutter, Android Development With Core Java, Bootstrap
Web Technologies	HTML, CSS, Bootstrap, Django
Databases	SQL ,Firebase
IoT & Embedded	ESP32, Blynk, Sensors Integration, Relay Modules, Servo Motors
Tools & Platforms	Git, Android Studio, Overleaf, Google Colab, Jupyter Notebook
